"I wanted to follow up on your speech to the greater NY Chapter of the National Association of Women Business Owners....We had double the attendees; it was the largest program EVER.... Received rave reviews and calls for 'more Silver!'....Filled with relevant and useful information and loads of laughter. The sound brought tears to my eyes....I've also changed the way my company does business as a result of hearing you speak....I highly recommend you to any organization that wants to increase morale, productivity or, as in our case, sales."
